Buzzy the Bee and Flora the Fly's Candy Hunt!

TEACHER / AUTHOROVERVIEW | Preschool and Kindergarden

Inspired by Buzzy the Bee and Flora the Fly's Halloween

Students will receive a Ziploc Bag, a black sheet of construction paper, and a sheet of paper with line art of a flashlight. Students will colour and cut the flashlight before drawing candy on their Ziplock bags, before slipping the black paper inside and use the flashlight to find the candy.

At a glance

Duration: 15–30 minutes

Materials: Two-Gallon Ziploc Bag (13" x 15"), page with flashlight drawing, black construction paper, socializers, markers.

Learning goals: Fine motor skills through cutting and colouring.

What to do:

1. Students will colour the flashlight.

2. Cut out the flashlight.

3. Draw candies on one side of the ziploc back with markers.

4. insert the black construction paper into the ziploc bag.

5. Put the flashlight inside the opening of the Ziploc and move it around, using the "light ray" to find the candies.

Helpful teaching notes

Organize with the author if they are printing and bringing in the sheets, or if the teacher is. If the author is providing sheets, indicate how many students are in the class. Be sure to print extras in case of colouring or cutting mishaps.

Printing: Make one copy of page 2 per student.
